DISTRIBUTION OF SCHOOL FUNDS.

Opinion From Solicitor General Regarding
Section 1548, Compiled Laws
of 1897.

Santa Fe, N. M., Dec. 3, 1898.—Hon.
M. C. de Baca, superintendent of public
instruction, city: Dear Sir—Your favor
of this date asking a construction of
section 1548, chapter 25, session laws, 1897,
"School Law," as amended by chapter
53, session laws of 1895, compiled as
section 1548, Compiled Laws, 1897, with
regard to the disposition of "temporary
funds for common school purposes,"
with reference to whether the money
collected in any one school district un-
der these sections shall be distributed
among all the school districts in the
precinct, has had my attention, and in
reply would say, the section referred to
was construed by our supreme court in
the case of the Board of Education vs.
Tafoya, 6 New Mexico 292, in August,
1891, before it was amended by chapter
53, laws of 1895, in which it was held
that all of the license money collected
in the town of Las Vegas should go to
the public schools of that town, and the
reasoning of the court in that case
would apply to the one suggested by
you. It will be noticed that the original
section 35, in the last paragraph, ex-
pressly provided that if there were
more than one school district in any
precinct, the amount should be divid-
ed among the several school districts,
pro rata, while chapter 53 of the laws of
1895, amending that section leaves out
that provision. This was evidently done
with the deliberate intent to change
that portion of the law so as to give the
school district within which the "tem-
porary fund" arose the full benefit of
two-thirds of that sum, without hav-
ing to share it with any other school
district within the precinct where the
fund originated.

I would, therefore say that two-thirds
of the money collected under any of the
provisions for a "temporary" school
fund should be distributed to the dis-
trict in which the same originated and
that the other school districts in the
precinct are not entitled to share there-
in.

Very respectfully,
EDWARD L. BARTLETT,
Solicitor General of New Mexico.

Rev. Dr. A. P. Morrison, of Albu-

live, active man under whom his dis-
trict is thriving.

H. F. Alps has been heard from at
Nashville. He is much pleased with his
job and the town, albeit it has been so
stormy most of the time that he has not
had much of an opportunity to see the
city. Mr. Alps says Nashville has very
fine schools, educational institutions
and society is way up.

Ed. Shields, a Bland mining man,
came over Saturday and registered at
the Exchange. He went north this
morning over the narrow gauge to
Mosca, Colo., whence he returns next
week. Mr. Shields says while there is
not much doing now in the great camp,
there is every indication of a brisk re-
vival of business in the spring when
prospects will look better than ever.
However, the Albemarle mill will run
all winter, and there will be more or
less going on.

Rev. E. B. Reynolds, of Richmond,
Ind., now a government Indian inspec-

Las Vegas and is registered at the Bon

New Church at Bland.
Presiding Elder Morrison and Rev. G.
S. Madden, pastor of the Methodist
church in this city, have for some time
had their spiritual vision resting on the
promising mining camp of Bland; and
the fact that there was no evangelical
church out there led them to regard the
field as "white unto the harvest," ready
for the reaper. Mr. Madden has made
several trips to Bland to look the field
over, and Dr. Morrison has been out
there once or twice before he and Mr.
Madden drove out there Thursday.

What was accomplished was made
known by telegram road in the Meth-
odist church in this city last night by
Dr. Morrison who returned from Bland
Saturday, leaving Mr. Madden to do the
reaping over Sunday. They had count-
ed on ten Christian men to start the new
church organization, but just as last
evening's services were commencing in
this city, Dr. Morrison read a dispatch
from Mr. Madden stating that the new
church had been organized with 22
members, with more to come, and
would up with a hearty Amen. The
latter sentiment was received as the
message was read. Mr. Madden re-
turns early this week.

NO WASTE OF WORDS.
Evidence Which Is Right to the Point
and Reliable.

Judge Frank Ives, of District court of
Crookston, Minn., says: For some time
I have used Stuart's Dyspepsia Tablets
with seeming great benefit with few
exceptions, I have not been so free from
indigestion in 25 years.

George W. Roosevelt, U. S. consul to
Brussels, Belgium: Stuart's Dyspepsia
Tablets, safe, pleasant to take, con-
venient to carry, give good appetite, perfect
digestion.

Mr. W. D. Tomlin, mechanical en-
gineer, Duluth, Minn.: One box of
Stuart's Dyspepsia Tablets has done its
work, and I am again gaining flesh and
strength.

O. E. Ransom, Hustonville, Ky.: I
was distressed and annoyed for two years
with throwing up food, often two or
three times a day; had no certainty of
retaining a meal if I ate one. Four
boxes of Stuart's Tablets from my drug-
gist have cured me, and I find them pleas-
ant to take, convenient to carry.

Rev. G. D. Brown, Mondovi, Wis.: The
effects of Stuart's Dyspepsia Tablets is
simply marvelous; a quite hearty dinner
of broiled beefsteak causes no distress
since I began their use.

Over six thousand people in the state
of Michigan alone in 1894 were cured of
stomach troubles by Stuart's Dyspepsia
Tablets.

Saturday the thermometer at the
local weather bureau registered as
follows: Maximum temperature, 27
degrees at 4:00 p. m.; minimum 9 degrees
at 3:00 a. m. The mean temperature
for the 24 hours was 18 degrees; mean
daily relative humidity, 32 per cent.

Pat Quinn, a miner aged 35, who has
been laid up for some years with rheu-
matism and paralysis, died at the hospital last
night, and will be buried tomorrow at 9
a. m. by Undertaker Wagner from the
Cathedral in Rosario cemetery. The
deceased leaves a brother in California,
who has cared for him, and who will
bury him.

Some Santa Fe people may have
thought that yesterday was unpleasant,
but if they had been further east they
would have wished themselves back in
Santa Fe. A terrific blizzard prevailed
yesterday all through the New England
and eastern states, the southern states
and the middle western states,
notably in Ohio and southern
Michigan, and in the Montreal and
Quebec provinces. The storm played
havoc with telegraph wires, and it was
not until late this morning that through
communication was re-established.

Santa Fe climate is not to be sneezed at.
Thieves, hobos, bums and disreputable
people generally are infesting the coun-
try between Denver and El Paso, and
the longer they escape punishment the
bolder they grow. A gang of them
robbed the Santa Fe railroad depot safe
in Trinidad the other night of consid-
erable money, and escaped with the boot-
ie. The territorial papers are warning
citizens to be individually watchful, as
the police in the small cities do not
seem able to cope with the rascals.

Engineer Gus Peterson, of the Santa
Fe, who was laid off three months ago,
on account of a collision, has had his
railroad sins forgiven and is now re-
instated in his old job.

The journal of the 14th annual session
of the New Mexico English mission of
the Methodist church has just been
published.
